

South Carolina Broadband Infrastructure Program

Broadband Infrastructure Applications Funded

(08/20/2020)

A portion of the Coronavirus Relief Fund (CRF) has been allocated for broadband infrastructure. Expansion of broadband infrastructure will emphasize services to rural communities and communities with a high prevalence of COVID-19 or with demographic characteristics consistent with risk factors for COVID-19.

Below are applications submitted to the ORS that will receive funding for the expansion of broadband infrastructure. Funding of these applications is subject to the completion of a funding agreement with the ORS and the evaluation of any duplication of infrastructure. More information can be found on the ORS website at ORS.SC.GOV/Broadband.
