Title

Mailing Address City, State, Zip

Phone Number

Email

Project Service Area Information Instructions

ORS has provided a spreadsheet of unserved residential addresses for those consumers who completed the "I Need Internet Survey" including a list of eligible 2010 census blocks. Priority will be given to Applicants that propose to serve these addresses and other addresses where students reside. Interested parties must obtain secure login credentials from our office via the [Data Access Request Form](#). Choose records from the spreadsheet in addition to any adjoining housing units where consumers have confirmed a desire for Internet access and the Applicant has the capability to connect. Housing units must be in a served area according to the ORS SC Broadband Office September 2021 Eligibility Map (available at: <https://arcg.is/04GS9v1>) and should not be part of an existing funded area. Attach the subset of housing units reflecting the proposed project to the application and do not remove any columns from the spreadsheet. Columns B through I must be completed (GEOID is 2010 Census Block ID).

Broadband Infrastructure Information

Indicate the type(s) of broadband infrastructure technology to be deployed in the project service area.

Fiber to the Premises - Minimum Sustainable Download/Upload Speeds ____/____.

Hybrid fiber-coax - Minimum Sustainable Download/Upload Speeds ____/____.

Fixed Wireless/Satellite - Minimum Sustainable Download/Upload Speeds ____/____.

Indicate the type of construction planned:

Mainline construction and drops

Broadband Drops to home

N/A (fixed wireless and satellite)

Affordable Connectivity Program (ACP)

Is the Applicant a participant in Affordable Connectivity Programs (ACP)?

Yes

No

Project Timeline – 120 Days Maximum

Project Start Date

Project Completion Date

Project Cost Information

Number of Housing Units anticipated to connect

Number of Housing Units that could be connected

Average Cost per Housing Unit

Average Cost per Location Served

Total Project Cost

Project Funding Information

South Carolina Last Mile Grant Program Funds requested

Applicant-Provided Funding Amount

Third-Party Funding Amount (if applicable)

Third-Party Funding Source (if applicable)

Percent Applicant Match (min. 50%)

Additional Information

- 1) What pricing will the Applicant offer consumers as part of the Last Mile grant, including all equipment and installation costs (recurring and non-recurring costs)?

2) What duration will the pricing remain the same for the customer?
