BILL OF RIGHTS
The South Carolina Office of Regulatory Staff wants telephone utility customers to know their rights and responsibilities and whom to contact for assistance when they have questions or problems regarding regulated telecommunications service(s).

BE AN INFORMED CUSTOMER. KNOW YOUR RIGHTS.

1. As a general rule, you have the right to establish telephone service if you satisfactorily establish your credit and neither you nor any member of your household is indebted to the telephone utility, if you provide the telephone utility with necessary and reasonable access to your property, if you are within the operating area of the company, and if your utilization does not pose a hazardous or dangerous condition. If you have any questions concerning your right to service, you should contact the telephone utility serving your area.

2. You have the right to advice from your telephone utility as to what facilities and services are available in your area.

3. You have the right to a telephone directory published at regular intervals, listing the name, address and telephone numbers of customers, except public telephone and telephone service unlisted at the customer’s request. In the event of an error in your telephone listing, you have the right to request the telephone utility to intercept all calls to the listed number for a reasonable period of time provided existing central office equipment will permit and the number is not in service. In the event of an error or omission in the listing of a customer, such customer’s correct name and telephone number shall be in the files of the directory assistance operators.

4. You have the right to establish telephone service if you satisfactorily establish your credit and neither you nor any member of your household is indebted to the telephone utility. You may be required to post a deposit if any one of the following conditions exist:
   1) you have had two 30-day arrearages in the past 24 months or you have been sent two or more late payment notices in the past 9 months,
   2) you cannot furnish either an acceptable co-signer or guarantor, who is a customer of the utility within the State of South Carolina, to guarantee payment,
   3) your gross monthly billing increases,
   4) you have had your service terminated by any telephone utility for non-payment or fraudulent use, or
   5) the utility determines, through use of commercially acceptable methods, that your credit and financial condition warrants a deposit. You have the right to have all conditions of obtaining service explained to you by the utility’s personnel.

5. If you are required to make a cash deposit, the maximum amount cannot exceed an amount equal to an estimated two (2) months (60 days) bill for a new customer or an amount equal to the total actual bills of the highest two (2) consecutive months based on the experience of the preceding six (6) months for an existing customer. If you make a cash deposit with the utility, you have the right to have the deposit returned to you (plus interest at a rate prescribed by the Commission) after two years unless you have had two 30-day arrearages in the past 24 months, or have had service denied or interrupted for non-payment of bills, or have been sent two late payment notices in the past nine (9) months, or have had a returned check in the past six (6) months; or if you discontinue service with the telephone utility.
You have the right to pay your bill without incurring late-payment charges if no unpaid balance is brought forward from the previous billing date. If a balance is brought forward, a maximum of one and one-half percent (1½%) may be added to that balance to cover the cost of collection and carrying accounts in arrears.

You have the right to a timely and accurate bill. You have the right to receive, upon request, information as to the utility’s billing procedures.

If equal access is available, you have the right to select the Long Distance Carrier of your choice provided the carrier is operating within your service area.

Prior to telephone service being disconnected for non-payment, you have the right to written notice from the telephone utility that you have five (5) days to make settlement on your account. In cases involving abnormal and excessive use of toll service, service may be denied two (2) days after written notice is given to the customer, unless satisfactory arrangements for payment are made.

If the telephone utility has overcharged or undercharged you, you have the right to an adjustment as allowed by the Public Service Commission of South Carolina’s rules and regulations.

You have the right to contact the telephone utility at all hours in case of emergency or unscheduled interruptions in your telephone service.

You have the right to have questions or complaints promptly and thoroughly investigated by the telephone utility.

If you need assistance with a complaint against your telephone utility that you cannot resolve by dealing with the telephone utility on your own, you have the right to call on the Office of Regulatory Staff’s Consumer Services Department. Consumer Services will work with you and the telephone utility in an effort to resolve your complaint. The Office of Regulatory Staff is located in Columbia and can be reached by calling its toll free telephone number, 1 800-922-1531 or, if from the Columbia area, (803) 737-5230 or at ORS.SC.GOV.

If you are unable to resolve your complaint by working with the natural gas utility or with the ORS’s Consumer Services Department, you have the right to file a formal complaint with the PSC and request a hearing. To file a complaint with the PSC, you should complete the PSC complaint form. This form is available at www.psc.sc.gov and can be completed and submitted on-line. You may also request a copy of the complaint form, including instructions for completing the form, by contacting the PSC at 803-896-5100. If you choose to file a paper copy of your complaint with the PSC, submit it by: a) mailing it or hand delivering it to 101 Executive Center Drive, Suite 100, Columbia, South Carolina 29210; or b) faxing it to 803-896-5199.

The South Carolina Office of Regulatory Staff wants to inform you of your rights and responsibilities as a consumer, wants you to understand the responsibilities of your telephone company, and wants you to call upon its Consumer Services Department if you need assistance. This statement gives you a summary of your rights as a customer of a telephone utility. Not all telecommunications services are regulated. More detailed provisions are set out in law, commission rules and regulations, and the tariffs of the telephone utility.
