Charter Communications	Charter_CHRPD	Pee Dee Region Broadband Expansion Project	I am expressing our support for Charter Communications and its application to the Broadband Grant Program. Charter's experience in rural buildouts makes them an ideal partner in our quest to connect the Pee Dee region's unserved and underserved populations. They are continuously striving to bring quality broadband connections to rural communities across the country through grants from the Rural Digital Opportunity Fund (RDOF). They have already received grants for projects that reach our most rural neighbors. Charter is already active across South Carolina, serving nearly a million customers statewide. They also employ more the 4,000 South Carolinians in call centers and facilities from Florence to Greenville. In the last year, Charter continued to demonstrate its commitment to connecting more South Carolinians. We can make an even more significant difference by expanding our partnership with Charter Communications through the Broadband Grant Program.	Yes	Rusty Smith	Pee Dee Region Council of Government	lprivette@peedeecog.org	tel:8437023134
Charter Communications	Charter_CHRLS	Lower Savannah Broadband Expansion Project	I wholeheartedly endorse Charter Communications' proposed project application in Barnwell County. Access to broadband is a catalyst for economic development and community well-being. This initiative will create opportunities for our citizens to work and learn remotely, narrowing the digital divide. Charter's commitment to our region is evident, as demonstrated by their efforts to accelerate RDOF construction. I urge you to prioritize this project and support its implementation for the betterment of our community.	No	Jerry R. Creech	Barnwell County Council	creechrailroad@yahoo.com	803-571-0712
Charter Communications	Charter_CHRLS	Lower Savannah Broadband Expansion Project	As a concerned citizen, I am writing to express my strong support for Charter Communications' proposed project in Barnwell County. Reliable broadband access is indispensable for our community's success. This initiative will enable our residents to work and learn remotely, promoting economic growth and innovation. Charter's commitment to bridging the digital gap is evident in their application. I urge you to prioritize this project and consider it favorably.	No	Don Harper	Barnwell County Council	dqharper@yahoo.com	803-671-2983
Charter Communications	Charter_CHRPD	Pee Dee Region Broadband Expansion Project	I am pleased to add my support for Charter/Spectrum's continued efforts expanding broadband access across the region and Florence County. They have done the work in timely and efficient manner. Their communication with our staff and council has been great. I am very pleased to have them as a partner.	No	Toney Moore	Florence County Council	ToMoore@florenceco.org	843-665-3035
Charter Communications	Charter_CHRLS	Lower Savannah Broadband Expansion Project	I am submitting my support for Charter Communications' proposed project in Barnwell County. Broadband expansion is crucial for economic growth and remote work and learning opportunities. Let's bridge the digital divide and empower our rural communities with equal opportunities for prosperity. Charter's commitment to the region is commendable, and I urge you to consider their application favorably.	No	Freddie Houston Sr.	Barnwell County Council	fhouston1902@gmail.com	803-300-4306
Charter Communications	Charter-CHRLS	Lower Savannah Broadband Expansion Project	I am submitting comment for Charter Communications proposed project application in Barnwell County. Continued expansion of broadband service is vital economic growth, helping our citizens work, and learn remotely. Additionally, the pandemic taught us to take nothing for granted. Ensuring people in rural areas have access to the same opportunities as those in more urban areas is needed to keep our community strong and prosperous. Charter has shown its commitment to region, by their willingness to accelerate RDOF construction with this application. Please strongly consider their application.	No	Brad Hutto	South Carolina Senate	bradhutto@scsenate.gov	803-212-6140
Charter Communications	Charter-CHRLS	Town of Norway Broadband Expansion Project	Please accept this on behalf of Charter Communications' project application for broadband expansion in the Town of Norway in Orangeburg County. Our citizens and students need reliable and increased broadband to accommodate work obligations and remote learning. Ensuring people in rural areas have access to the same opportunities as those in more urban areas is needed to keep our community strong and prosperous. Charter has shown its commitment to region, by their willingness to accelerate RDOF construction with this application. Please strongly consider their application.	No	Brad Hutto	South Carolina Senate	bradhutto@scsenate.gov	803-212-6140
Charter Communications	Charter_CHRLS	Town of Ridge Spring Broadband Expansion Project	It is my understanding that Charter Communications has submitted a project application for broadband expansion in the Town of Ridge Spring. A portion of this area of South Carolina will be in Senate District 40 after the 2024 election cycle. Please accept this as an expression of my support of this project. Ensuring people in rural areas have access to the same opportunities as those in more urban areas is needed to keep our community strong and prosperous. Charter has shown its commitment to region, by their willingness to accelerate RDOF construction with this application. Please strongly consider their application.	No	Brad Hutto	South Carolina Senate	bradhutto@scsenate.gov	803-212-6140
Charter Communications	Charter_CHRPD	Pee Dee Region Expansion Project	I am submitting comment for Charter Communications proposed project application in our region. Continued expansion of broadband service is vital for economic growth, helping our citizens work, and learn remotely. Additionally, the pandemic taught us to take nothing for granted. Ensuring people in rural areas have access to the same opportunities as those in more urban areas is needed to keep our community strong and prosperous. This project is important for grow, education and the health of our County. Charter continues to show their commitment to our county and region with this application. Please strongly consider their application.	No	Tim Harper	Dillon County Administration	tharper@dilloncountysc.org	843-774-1401
Charter Communications	Charter_CHRPD	Pee Dee Region Broadband Expansion Project	I would strongly support Spectrum and their efforts to extend broadband. Charter Communications	Charter_CHRRS	Town of Ridge Spring Broadband Expansion Project	My neighbors desperately need assistance in high-speed internet service. Just a few light poles away, my friends are not served. They include many families with school children, parents would work from home if they only had better access, churches who cannot adequately support their members due to the lack of service, and small businesses who could serve more efficiently if they had better service. It is embarrassing and tragic that internet service is so close but not available to these important places. These friends and businesses are exactly the focus of this legislation and funding. I write to fully support the funding of the Charter Grant Application to provide service as soon as possible to these worthy South Carolinians and Saludans – my neighbors. Thank you for your consideration.	No	Molly Spearman	Former SC Supt of Education	mollymspearman@gmail.com	803-727-9282
Charter Communications	Charter_CHRRS	Town of Ridge Spring Broadband Expansion Project	The need for broad in Saluda County is not just a luxury; it is a necessity that touches every aspect of our community's well-being. I believe that by working together, we can transform Saluda County into a thriving, interconnected, and resilient community that stand strong in the face of technological challenges. I urge you to consider this application earnestly, as it holds the potential to create a brighter future for our community. I look forward to the positive impact that Charter Communications can bring to our beloved community.	No	Dayne Bledsoe	CEO, Saluda Nursing & Rehab Center	dbledsoe@saludanursing.org	864-445-2146
Charter Communications	Charter_CHRRS	Town of Ridge Spring Broadband Expansion Project	I wrote in support of Charter Communication's application for funding to provide broadband service in Saluda County. As Chair of the County School Board of Trustees Dist. One, stable and reliable home broadband service is imperative to our student's academic growth and success. Saluda's School District's current enrollment is 2500 students. Our last survey of parents showed that 56% of our students do not have access to quality broadband service. I strongly encourage you to support Charter Communications' efforts to bring quality broadband service to improve the lives of our students and citizens.	No	Kathy Coleman	Chair, Saluda County Schools	kclmn@clemsun.edu	864-445-8441
Charter Communications	Anderson County Broadband Expansion Project	Charter_CHRAN	As South Carolina's Attorney General, the role is ever evolving. As chairman of the South Carolina Human Trafficking Task Force and head of Crime Victims Service and Compensation, my duty to the citizens of South Carolina is far reaching. In today's digital age, access to reliable and affordable broadband internet is crucial for education, economic growth, healthcare, and effective communication. It has become an essential means that enables individuals, businesses, and communities to thrive and remain competitive in various sectors. However, I am acutely aware that many areas within our state continue to face significant challenges in accessing this essential resource. I am writing to express my strong support for the ongoing efforts of the South Carolina Broadband Office in expanding broadband access across our state. I commend your office's dedication to bridging the digital divide and ensuring equitable access to high-speed internet connectivity. Balance of letter attached.	Yes	Alan Wilson	South Carolina Attorney General	whitneymicheal@scag.gov	1-803-734-3970
Charter Communications Inc.	CHR-PD	Pee Dee Region Broadband Expansion Project	This project includes area included in Lynches River Communications, Inc. Funded Project Registry. Census Block 450259506022020	Yes	Joseph Adams	Lynches River Communications, Inc	joseph.adams@lynchesriver.com	843-675-3239
Charter Communications, Inc.	CHR-PD	Pee Dee Region Expansion Project	Charter doesn't list network uptime percentage. There is no main street eligible area within the project area. Total project locations include 1482 RDOF and 1973 CPF. RDOF should not be listed. The \$18,153,848.37 for 60.5 miles equals \$300,000.00 per mile, abnormally high considering combining the CPF and RDOF locations. The listed locations are mentioned to be in Anderson Co., which is not in the Pee Dee Region project. Spectrum answered NO to overbuild existing FTTH. RiverNet Connect built 450259507013014, 3004, 3002, 3008, 450259504011077, 2047, 2102, and 450259504023010. Block 450259504022110 will have SHTC funded fiber in this block via the Douglas ARPA design. Blocks 450259507013031 and 4000 is part of the Middendorf ARPA design. Block 4502259504022034 was built thru due to the Shiloh ARPA. Blocks 450259503002038 and 1055 was SHTC self-funded and is being spliced now. SHTC applied for 450259507012011, 2002, 2009 and 2029 to utilize existing FTTH equipment in the adjacent blocks.	Yes	Kirby Wayne	Sandhill Telephone Cooperative, Inc. (SHTC)	kirby.wayne@mysandhill.net	8436589003
Charter Communications, Inc.	CHR-PD	Pee Dee Region Broadband Expansion Project	Locations within Census Blocks 450259504011077, 450259504012047, 450259504023010, and 450259504012102 can be served by one of the following options. (1) Service drop extensions from Lynches River Communications ARPA Project LRC-02. (2) Construction in progress. (3) Constructed by 6/30/23 and reported on that period BDC filing.	Yes	Joseph Adams	Lynches River Communications, Inc.	joseph.adams@lynchesriver.com	843-675-3239
Charter Communications, Inc.	CHR-PD	Pee Dee Region Broadband Expansion Project	Seven of the census blocks applied for on this application are being constructed with private funds in conjunction with FTC's ARPA projects. Maps will be loaded once the shared file is created to show the specific census blocks.	Yes	Mark H. Brown, PE	Farmers Telephone Cooperative, Inc.	brownm@ftc.org	843-382-2333

Charter Communications, Inc.	CHR-PD	Pee Dee Region Broadband Expansion Project	We would like to remind ORS that Charter is already under a federal obligation to build their RDOF locations; their offer as described in their application is misleading and only implies they will build these locations within a slightly shorter timeframe. We would also like to remind ORS that Charter previously missed their deadline on a similar, previous commitment to build their RDOF locations within an accelerated timeframe (by October 31, 2022) as part of their commitment made through the RBGP FPR process.	No	Sarah Bonnoitt	HTC	sarah.bonnoitt@htcinc.net	8433698634
