SC 2021 Rural Broadband Grant Program

Office of Regulatory Staff

As the Mayor of the Town of Holly Hill, I have seen the need for true highspeed internet service. The citizens of our community suffer from the lack of internet reliability and speed that are critical to the success in today's environment. Whether it is a child trying to complete homework or their parents struggling to work online, this deficiency of critical infrastructure results in a continued hardship for our citizens.

It is my understanding that Tri-County Electric Cooperative is making application for funding assistance through the 2021 Rural Broadband Grant Program. The leadership of Tri-County has committed to construct a fiber to the home network that will provide symmetrical Gigabit service to the citizens in our community. This will be a true game changer for our town.

We fully support Tri-County's application and hope that they will be able to succeed in receiving assistance in providing this much needed service.

Respectfully,

William R. Johnson

Mayor

Town of Holly Hill

SC 2021 Rural Broadband Grant Program

C. Gregory Robinson, *Executive Director*

Office of Regulatory Staff

As the Executive Director of the Orangeburg Development Commission, and even before the pandemic, we have witnessed firsthand the need for true highspeed internet service. The citizens and businesses of our community suffer from the lack of internet connectivity, reliability and speed that are critical to the success in today's environment. Whether it is a child trying to complete homework, a large manufacturing operation sending engineering files or parents struggling to work online during a pandemic, the deficiency of critical infrastructure results in a continued hardship on our citizens.

It is my understanding that Tri-County Electric Cooperative is making application for funding assistance through the 2021 Rural Broadband Grant Program. The leadership of Tri-County has committed to construct a fiber network that will provide symmetrical Gigabit service to the citizens and businesses in our community. This will be a true game changer for this area of our county.

We fully support Tri-County's application and hope that they will be able to succeed in receiving assistance in providing this much needed service. If we can address any questions or provide any additional feedback, we would welcome your call.

Respectfully submitted I remain,

A handwritten signature in blue ink that reads 'C. Gregory Robinson'.

C. Gregory Robinson, SCCED
Executive Director
