## About DEC's Rate Increase Request

If approved:

- the average residential customer's monthly bill (using 1,000 kilowatt-hours per month) would increase by approximately \$10.38 (~7.6%) per month beginning March 1, 2026.
- General Service customers would see an average increase of approximately 5.4%.
- Lighting class customers would see an average increase of approximately 10.7%.
- Industrial customers would see an average increase of approximately 5.2%.

## About the Office of Regulatory Staff

The South Carolina Office of Regulatory Staff (ORS) represents the public interest in utility regulation matters as it pertains to (1) the concerns of the using and consuming public with respect to public utility services, regardless of the class of customer; and (2) preservation of the continued investment in and maintenance of utility facilities so as to provide reliable and high quality utility services. This includes matters before the Public Service Commission of South Carolina (PSC), which is the state agency that sets rates and regulates the services of investor-owned utilities.
